*Acting Principal: Mrs Sue Beelitz*

## School iPad Agreement

In agreeing to purchase or supply an iPad for my child for educational purposes I am also agreeing to the following requirements:

- The iPad rollout at Waikerie Lutheran Primary School has been implemented for educational purposes and therefore is the primary reason for the iPad 's use.
- The iPad is to be brought to school each and everyday.
- iPad use for school has priority over family use.
- While at home the iPad can be utilised for personal reasons, however memory for personal use is to be kept to a maximum of half the total storage space.
- If storage becomes an issue educational apps/storage becomes a priority.
- A home agreement is to be created between myself ( the parent/s ) and my child and a signed copy of this is to be forwarded to the class teacher before the iPad can be utilised at school. ( Dot points to consider are listed in the ICT Policy )
- A discussion will take place between myself ( t he parent/s ) and my child so that both have a clear understanding of the schools ICT policy, Cyber Safety Agreement, and Internet Use Agreement.
- A signed copy of both the Cyber Safety Agreement and the Internet Use Agreement is to be returned to the class teacher each year before the iPad can be utilised at school.
- The attached codes sheet is also to be completed and returned to the class teacher. This will be kept private and confidential by the teacher and only used if apps need to be turned on or settings adjusted in accordance with educational purposes. It will not be used to make any purchases.

When setting up the iPad, for my child to use for educational purposes at WLPS, I agree to the following settings be applied as safety precautions and in line with the WLPS ICT Policy, Cyber Safety Agreement and Internet Use Agreement at WLPS.

Under General Settings, Restrictions, the following settings need to be applied as follows:

- In **Music, Podcasts & iTunes U** - Explicit language needs to be turned off so that explicit language is not allowed within apps and music content.
- **Movies** - G and PG ratings only to be ticked

# School iPad Agreement

- **TV Shows** - P, C, G and PG ratings only to be ticked
- **Books** - Explicit Sexual Content to be turned off so that sexual content is not viewable.
- **Apps** - 4+ and 9+ need only be ticked. This will restrict students access to any apps that are not appropriate for their age. (Note; Yr 6/7 class only may be set to 12+ were parents have agreed )
- **Siri** - Explicit language needs to be turned off so that students may not search using explicit language.

Under General Settings, Passlock, the following settings need to be applied as follows:

- For Years 3 - 7 Click on **Turn Passcode off** ( this means the screen passcode will be turned off )  
We are requesting this as we have in the past had a number of students forget their codes or change their codes meaning parent/s are having to reset iPads and students have lost work if not backed up. It also makes accessing student work for the teacher a far less time consuming task.

Under general settings, the following settings need to be applied while at school:

- Click on **Messages** and then under *iMessage* turn off the first swipe button to turn iMessage off while at school. ( this means students can not send or receive messages via iMessage while at school )
- The same must be done for any other social media access on the iPad eg Facebook, Snap Chat, Instagram, Face Time etc.

This document will need to be applied, signed and returned to school before your student is able to utilise their iPad at WLPS each year.

I hereby agree to the above criteria and settings as listed on this Home School iPad Agreement.
